

Kooltherm Insulation Pricelist

All heating installations should be fitted with a minimum level of insulation in order to comply to BS 5422:2009. The Kingspan Kooltherm premium performance insulation allows you to achieve these minimum heat loss figures with the thinnest and lightest insulation available. The Kooltherm product can be used on steel, copper or plastic piping

- Best thermal performance
- Moisture resistance
- Excellent fire and smoke performance
- FM Approved
- Environmentally friendly

What thicknesses do I need?

The table below shows the minimum insulation thickness required to comply to BS 5422:2009 and Building Regulations. If you need insulation levels beyond these standard figures we can provide prices for these on request

Steel Pipe (mm) ID	Steel Pipe (mm) OD	Copper Pipe size(mm)	Insulation Thickness (mm)	Qty (m)/box	List price/box	Effective £/m
-	-	15.0	15	96.0	£324	£3.38
10	17.2	-	15	96.0	£324	£3.38
15	21.3	22.0	15	71.0	£264	£3.72
20	26.9	28.0	20	48.0	£238	£4.96
25	33.7	35.0	20	39.0	£227	£5.82
32	42.4	42.0	20	30.0	£196	£6.53
40	48.3	-	25	20.0	£168	£8.40
-	-	54.0	25	16.0	£165	£10.31
50	60.3	-	25	15.0	£170	£11.33
-	-	67.0	25	12.0	£147	£12.25
65	76.1	-	25	12.0	£163	£13.58
80	88.9	-	25	9.0	£152	£16.89
100	114.3	-	30	8.0	£188	£23.50
125	139.7	-	30	6.0	£189	£31.50
150	168.3	-	30	5.0	£203	£40.60

Aluminium Foil tape	Thickness	Qty/box	List price/box	Effective £/roll
(2" wide) 50mm x 50m	30 micron	24	£185	£7.71
(3" wide) 75mm x 50m	30 micron	16	£185	£11.56
(4" wide) 100mm x 50m	30 micron	12	£185	£15.42

Pipe marking tape	Size	Qty	List price/roll
Mains water	270mm x 33m	1 roll	£59.00
Heating Flow	270mm x 33m	1 roll	£59.00
